

UTITECH TECHNOLOGY CO., LTD.
Product Price List

S/N	Part.No.	Company	Equipment	Function	Protocol	Port	Connection	ServerName	Version	Bit	Window				Release	Issue day: Price List	Comment
											NT	2K	2K3	XP			
1	UTSC-0341	Utitech corp.,	OPC Server for InTouch				IDEA		Version9.0								
2	UTSC-0342	Utitech corp.,	Schedulling				IDEA		Version9.0								
3	UTHC-0343	Utitech corp.,	Com Share 2 Ports	1.Com Share can use Ethernet to do data collection of long distance. 2.And the same time use serial ports with Ethernet. 3.Software OS:Monta Vista embedded Linux/ μ CLinux 4.Could connect 2 serial ports													
4	UTHC-0344	Utitech corp.,	Com Share 4 Ports	1.Could connect 4 serial ports													Not for Release
5	UTHC-0345	Utitech corp.,	Com Share 8 Ports	1.Could connect 8 serial ports													
6	UTSC-0346	Utitech corp.,	Smart Com 2 Ports	1.Data change between serial ports and network data string. It can transmit serial data to network directly without modification of serial ports application or adding additional hardware equipment. 2.Could setup two virtual serial ports on PC													
7	UTSC-0347	Utitech corp.,	Smart Com 4 Ports	1.Could setup 4 virtual serial ports on PC													
8	UTSC-0348	Utitech corp.,	Smart Com 8 Prots	1.Could setup 8 virtual serial ports on PC													
9	UTSC-0349	Utitech corp.,	Smart Com 50 Prots	1.Could setup 50 virtual serial ports on PC													
10	UTSC-034A	Utitech corp.,	Modbus 232 to TCP 2 Ports	1.Integration and support serial ports of modbus interface and Ethernet network equipment 2.Support transforming of modbus/TCP Master device to modbus/ASCII/RTU slave devices 3.Via network to use browser and window application configuration 4.Support two serial ports and choose RS-232/422/485 interface directly via configuration 5.Data scope function for fault detecting													
11	UTSC-034B	Utitech corp.,	Modbus 232 to TCP 4 Ports	1.Transform modbus TCP to modbus RTU 4 serial ports													Not for Release
12	UTSC-034C	Utitech corp.,	Modbus 232 to TCP 8 Ports	1.Transform modbus TCP to modbus RTU 8 serial ports													
13	UTSC-034D	Utitech corp.,	SECS II Solution Semi Equipment Module 2 Serial Ports	1.Integration and support Semi-equipment interface of serial ports and Ethernet 2.Serial ports supporting SECS II/GEM 3.Ethernet supporting HSMS 4.Via network to use browser and window application configuration 5.Support two serial ports and choose RS-232/422/485 interface directly via configuration 6.Data scope function for fault detecting													

UTITECH TECHNOLOGY CO., LTD.
Product Price List

S/N	Part.No.	Company	Equipment	Function	Protocol	Port	Connection	ServerName	Version	Bit	Window				Release	Issue day: Price List	Comment
											NT	2K	2K3	XP			
14	UTSC-034E	Utitech corp.,	Semi Equipment Module 4 Serial Ports	1.Support eight serial ports and choose RS-232/422/485 interface directly via configuration.													Not for Release
15	UTSC-034F	Utitech corp.,	Semi Equipment Module 8 Serial Ports	1.Support eight serial ports and choose RS-232/422/485 interface directly via configuration.													
16	UTSC-034G	Utitech corp.,	Com Share 2 Ports (Full Funtion)	1.Com Share can use Ethernet to do data collection of long distance. 2.And the same time use serial ports with Ethernet. 3.Software OS:Monta Vista embedded Linux/ μ CLinux. 4.Could connect 2 serial ports. 5.Modbus RS-232 to TCP 2 ports. 6.SECS II solution semi equipment module 2 serial ports													
17	UTSC-034H	Utitech corp.,	Com Share 4 Ports (Full Funtion)	1.Com Share can use Ethernet to do data collection of long distance. 2.And the same time use serial ports with Ethernet. 3.Software OS:Monta Vista embedded Linux/ μ CLinux. 4.Could connect 4 serial ports. 5.Modbus RS-232 to TCP 2 ports. 6.SECS II solution semi equipment module 4 serial ports													Not for Release
18	UTSC-034I	Utitech corp.,	Com Share 8 Ports (Full Funtion)	1.Com Share can use Ethernet to do data collection of long distance. 2.And the same time use serial ports with Ethernet. 3.Software OS:Monta Vista embedded Linux/ μ CLinux. 4.Could connect 8 serial ports. 5.Modbus RS-232 to TCP 2 ports. 6.SECS II solution semi equipment module 8 serial ports
